76-C Institutional Area, Sector-18, Gurgaon**

Subject: Appointment of Technical Consultant for Review of the Water Supply Schemes of 08 towns transferred to ULBs in compliance to the cabinet decision of 4th October, 2012

As per decision taken in the cabinet meeting held on 4th October 2012, water supply schemes of the eight towns, namely, Chomu, Nathdwara, Nokha, Jaisalmer, Nagaur, Shri Ganganar, Karauli & Bundi were transferred from PHED to ULBs of the respective towns.

It is felt that mere transfer of the schemes from PHED to ULBs, the service delivery to the population served is not going to improve unless there is qualitative change in the management of the water supply system. Looking to the scarcity of water and it's availability from distant sources, reduction in non-revenue water and efficient management is the need of the hour.

As per the approved cabinet memo, following 3 stages of actions were proposed after transfer of the schemes to achieve the targeted improvements in the service delivery;

- a. Administrative and financial support to the ULBs for 5 years
- b. Appointment of a competent and experienced technical consultant with following broad scope of work;
 - i. Review of the existing water supply system.
 - ii. Estimation of existing NRW.
 - iii. Estimation of gap between existing service levels that required as per norms.
 - iv. Estimation of capital investments required to achieve the service levels as per norms.
 - v. To suggest the best suited option out of management contract or PPP contract for sustaining the improvement.
- c. Action towards awarding management contract or PPP contract for running the water supply schemes.

In light of above decision, it is proposed to avail consultancy services of WAPCOS with above broad scope of work. You are requested to please prepare a draft TOR and discuss the same with Secretary LSGD Rajasthan at the earliest.
